OPLIN now offers *Dynamic Website Kits* to Ohio public libraries as a professional and affordable alternative to high-cost services.

This complete website package replaces your current, outdated site with a modern version with advanced features and options.

We provide a website with:

- Professional appearance
- Easy Management
- Social media integration
- Accessibility standards

Laura Solomon, MLS, MCIW, is the OPLIN Library Services Manager and the lead Web designer for the Website Kits. Prior to OPLIN, Laura was employed as the Web Applications Manager for the Cleveland Public Library and as the Webmaster for Cleveland Heights-University Heights Public Library.

Laura has earned a Master of Library Science (MLS) degree from Kent State University and is a Master Certified Internet Webmaster (MCIW). She has been named a 2010 *Library Journal* Mover & Shaker, published two books on social media, and taught courses on Drupal and library-specific web design.
